

Hinged Cable Protector Straight

With a length of 1,18m and hinged cable duct access, it quickly gets cables across to where you need them to be. At the same time it makes sure that both people and cables stay unharmed and undamaged by keeping them out of each other's way.

- Fully recyclable aluminium assembly
- Curved top with anti-slip ridges provides grip when stepped on
- Has two cable-ducts, offering space to 18 network or 10 power cables
- Enables optimal separation of data and power cables
- Hinged cover provides easy access to cable ducts
- Underside has ridges that anchor into carpeted floors
- Underside is also fitted with friction strips providing grip on smooth floors
- Dimensions (wxdxh): 145 x 1180 x 20mm
