Model : HS04-4K6G

4K 60Hz 4 x 1 HDMI Switcher

## Introduction

HS04-4K6G is a 4 input HDMI automatic switcher that supports superior resolution up to 4K@60Hz 4:4:4. Besides, the auto-scan function allows the switcher to switch to an available or last connected HDMI source automatically.

It is a perfect solution for home theaters, security rooms, and so on —no more hassles plug-ins for multiple HDMI devices.

## Features

- Resolution up to 4K@60hz 4:4:4.
- Built in RS232 console port for remote control or firmware update.
- Supports auto-scan function, automatically switch to the next available input when the selected one is unable to display.
- Supports auto switching function, automatically switch to the last connected input source.
- Managed via front panel buttons, IR remote, RS232.
