VC520+

CONFERENCE CAMERA

Professional Video Collaboration for
Mid to Large Conference Rooms

PLUG-N-PLAY

PLUG-N-PLAY

The VC520+ Conference Camera is an easy to set up and simple to use USB Plug-n-Play video collaboration system designed for mid to large conference rooms. The VC520+ is compatible with all your favorite applications and connects to virtually any desktop or laptop, via a single USB cable. Gone are the headaches of having to modify complicated network firewalls to make a video call. With Plug-n-Play and ease of use of the VC520+, video conferencing is now as simple as plugging in a USB cable.

Quality and Features

12X True Optical Zoom with PTZ

One of the fastest and smoothest true optical pan, tilt and zoom cameras available on the market today. The 12X auto-focus optical zoom delivers rapid and smooth pan, tilt and zoom-in performance to capture the smallest details.

Full 1080p High Definition video

With Full 1080p high Definition Video built into the VC520+, you will enjoy the highest resolution available for your video conferencing and video collaboration calls.

Daisy-Chain, Full Duplex Speakerphone

The VC520+ includes a full duplex, echo cancelling and noise suppression speakerphone with the ability to daisy-chain an additional speakerphone that can cover a 30ft diameter.

10 Camera Presets

10 camera preset positions to automatically pan, tilt and zoom.

RS232 Integration

The system includes a RS232 port that enables the VC520+ to be easily integrated into a room control system.
